

InTouch40 Tablet Cart

SPECTRUM
INDUSTRIES INC.

Spectrum gives you the solution to your tablet storage and syncing problems with the InTouch40 Tablet Cart.

The IT40 is the first cross-platform solution to charging and syncing up to 40 iPads®, e-readers, or a variety of tablets in one cart. Designed for easy cord management, the IT40 helps keep syncing and storage of tablets organized by safely nesting tablets along two rows of padded shelves with unobstructed access for easy plugging and unplugging of cords.

Like all Spectrum products, the IT40 is designed to have the feel of a fine piece of furniture. Styled with curved lines, this cart fits into any classroom décor.

Not only do you get Spectrum quality from the IT40, you get better performance at a better price. Why pay a premium on tablet carts when the IT40 is the best solution available?
